EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows: In claim 36, lines 1, 4, and 11, the term "tire" has been replaced with the term --rim--. In claims 37-54, the term "tire" has been replaced with the term --rim-- in line 1 of these claims. This amendment is to correct a minor error in the Examiner's previous office action, which should have required the term "tire" to be removed, and not the term "rim". This amendment more clearly describes the invention.

Election/Restrictions

3. This application is in condition for allowance except for the presence of claims 10, 12, and 20-31 directed to species non-elected without traverse. Furthermore, claim 36 is not a generic claim, and claims 10, 12, and 20-31 are dependent from previously cancelled claims. Accordingly, claims 10, 12, and 20-31 have been cancelled.

Drawings

4. The drawings were received on 12 March 2007. These drawings are approved.

Allowable Subject Matter

5. Claims 36-54 are allowed.

6. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a demountable rim assembly having the structure set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
